

2nd National Biomethane Congress

9 DECEMBER 2019, MERCURE HOTEL, POZNAŃ, POLAND

AGENDA

9 December (MONDAY)

9:00 – 10:00 Registration and morning refreshments

10:00 **Conference opening**

Maciej Roi, CEO of Biomass Media Group

Session I: Biomethane in Poland. Legal regulations and investment financing

- 10:15 – 12:00
1. Biomethane and the implementation of the National Indicative Target
 2. Biomethane support system in Poland
 3. Biomethane plant - the optimal business model
 4. Financing a biomethane installation

12:00 – 12:30 **Coffee break and networking**

Session II: Biomethane - biogas that meets the quality requirements of network gas - practical issues

- 12:30 – 14:00
1. Quality requirements of network gas
 2. Technologies of biomethane production from biogas from the point of view of system regulations and the expectations of recipients and network operators
 3. Economics of the biomethane project depending on the use of biomethane and the choice of support system
 4. Procedure in practice (based on implemented projects)

14:00 – 14:45 **Lunch**

Session III: Biomethane in Poland and Europe - development perspectives

- 14:45 – 16:00
1. Italian biomethane support model
 2. Biomethane certification and guarantees of origin
 3. Gas storage during summer periods

16:00 – 16:30 **Coffee break and networking**

Session IV – Biomethane in transport

- 16:30 – 17:30
1. Biomethane: a solution for clean and decarbonized transport?
 2. Biomethane in urban transport - case study
 3. Biohydrogen as a component of liquid fuels in transport - Polish experience
 4. „Greening” urban and local transport - cost-effective implementation of low-carbon economy goals?

17:30 – 18:30 **Discussion panel summarizing the 2nd National Biomethane Congress**

20:00 **Dinner**

10 December (TUESDAY)

10:00 – 12:00 **A visit to the eco-technology laboratory of the Poznan University of Life Sciences – methane fermentation analysis and biogas plant efficiency increase – workshop.**

*Conference program may change.
