

PROGRAMME DAY 1

15 DECEMBER 2022 (THURSDAY)

- 08:00-09:00  **Guest registration and welcome coffee, networking**
- 09:00-09:15  **Opening of the 7th Biogas Congress**
 -  Maciej Kosiński, „Biomass Magazine”
 -  Jacek Dach, PhD, DSc, prof. of Poznań University of Life Sciences
- 09:15-11:15  **SESSION I: BIOGAS POLICY IN POLAND AND THE EU UNTIL 2030**
 - 1. Biogas/biomethane situation in Europe and REPowerEU
 Anders Mathiasson, European Biogas Association
 - 2. The biogas industry in Poland - forecasted legal changes
 TBC
 - 3. The role of biogas in building national energy security
 Remigiusz Nowakowski, The Lower Silesian Institute for Energy Studies
 - 4. Decarbonisation strategy as a tool for mitigating climate risks
 Tomasz Gasiński, Deloitte Risk Advisory
 - 5. Biomethane production potential in the EU
 Gas for Climate representative
- 11:15-11:30  **„Biomass Magazine” awards ceremony**
- 11:30-11:50  **Coffee break, networking**
- 11:50-14:00  **SESSION II: BIOGAS AND BIOMETHANE MARKET IN POLAND AND EUROPE – GOALS AND CHALLENGES**
 - 1. Local biogas networks
 Paweł Filanowski, Chamber of Gas Industry
 - 2. Biogas market in Denmark
 Jeppe Juul Petersen, Royal Danish Embassy in Poland
 - 3. The use of biogas and biomethane in the decarbonisation of the heating and gas sectors
 Wojciech Grządzielski, Veolia Energia Poznań
 - 4. Analytical system for biomethane quality control – approach in accordance with the EN 16723:2017 standard and Polish requirements
 Przemysław Kubaszewski, Endress Hauser Poland
 - 5. Hurdles in the biomethane production and how to overcome them today
 Jasper Nillesen, Refuels
 - 6. Nahtec company presentation
 Claudiusz Nawotny, Nahtec
- 14:00-14:50  **Lunch**
- 15:00-16:30  **SESSION III: Technologies and practice**
 - 1. Cogeneration units in biogas plants as a rescue for the network and the economy of the Republic of Poland
 Krzysztof Maciąg, TEDOM Poland
 - 2. Practical use of biogas on selected examples
 Łukasz Wilczyński, KWE AB Energy Polska
 - 3. Challenges and solutions in the field of biogas and biomethane purification on activated carbon filters
 Radosław Wilczkowiak, Desotec Polska
 - 4. Practical experiences from 15 years of planning and construction process of biomethane plants
 Clas Busack, GICON®-Großmann Ingenieur Consult GmbH

- 16:30–16:50 ● Coffee break, networking
- 16:50–17:40 ● Expert panel discussion.
👤 Moderator: Jolanta Kamińska, editor, „Biomass Magazine”
- 19:00 ● Gala dinner

PROGRAMME DAY 2

16 DECEMBER 2022 (FRIDAY)

- 09:00–11:00 ● **SESSION IV: BIOGAS MARKET IN POLAND - CONDITIONS FOR DEVELOPMENT**
 - 1. Barriers to the development of the biogas industry in Poland
👤 Anita Bednarek, Goodvalley
 - 2. Polish potential of substrates for biogas plants
👤 Agata Witorożec-Piechnik, PhD, Institute of Soil Science and Plant Cultivation
 - 3. Could digestate be the answer to the fertilizer crisis?
👤 Wojciech Czekala, PhD, DSc, prof. of Poznań University of Life Sciences
 - 4. Management of heat in a biogas plant – good practices
👤 TBC
 - 5. Financing of biogas investments in Poland
👤 Paulina Walczak, Metropolis Doradztwo Gospodarcze
- 11:00–11:30 ● Coffee break, networking
- 11:30–12:00 ● Youth Forum. Discussion panel with the participation of young scientists and environmentalists.
👤 Moderator: Wojciech Czekala, PhD, DSc, prof. of Poznań University of Life Sciences
- 12:00–14:00 ● **SESSION V: INCREASING THE ECONOMIC EFFICIENCY OF BIOGAS PLANTS**
 - 1. Efficient production of biomethane from organic municipal waste
👤 Lech Ciuszyński, Innotech
 - 2. Börger devices – transport of substrates, separation of digestate
👤 Piotr Szymanowski, Börger Polska
 - 3. The German fuel market as a catalyst for biomethane production in Poland
👤 Hermann Benning, Revis Bioenergy
 - 4. Optimization of homogenization with the right mixing technology
👤 Representative of SUMA Rührtechnik
- 14:00–15:00 ● Expert panel discussion.
👤 Moderator: Beata Klimczak, editor-in-chief, „Biomass Magazine”
- 15:00 ● End of the 7th Biogas Congress

**Programme of the Biogas Congress may change*
