

CONFERENCE PROGRAMME*

DAY I

MAY 21 2024 (TUESDAY)

- 08:30-09:30

09:45

10:00-11:15

11:15-11:35

11:35 – 12:35

12:35-13:35

13:35-14:44

14:45-15:45

15:45-16:45

16:45-17:00

17:00-17:45

17:45-19:00

20:00
- Registration, welcome coffee

Opening of the 7th Biomethane Congress

National energy mix of the future – the role of biogas and biomethane. Discussion panel with experts

„Magazyn Biomasa” award ceremony

SESSION I: BIOMETHANE AS A FUEL FOR SUSTAINABLE TRANSPORT

1. Sustainable transport – UE policy

2. Strategy for the decarbonization of heavy transport

3. Zero-emission transport: goals and reality

4. International trade of biomethane – challenges

Goal: zero-emission transport. Discussion panel with experts

Lunch

SESSION II: UPGRADING, COMPRESSION AND LIQUEFACTION OF BIOMETHANE – SOLUTIONS AVAILABLE ON THE POLISH MARKET

Biomethane: newest trends and innovative solutions. Discussion panel with experts

Coffee break

SESSION III: SUPPORT SYSTEMS FOR BIOMETHANE – OVERVIEW OF THE EU POLICY

1. Biomethane in Italy – transport and heating sectors

2. The British path to zero emissions – the role of biomethane

3. Germany – biogas leader in the UE

Aperitif and networking

Evening banquet

11:00-12:30
Site event: Biomethane workshop by the Embassy of the Kingdom of Denmark in Poland

DAY II

MAY 22 2024 (WEDNESDAY)

- 10:00-11:00

11:00-11:30

11:30-12:30

12:30-13:30

13:30-14:30

14:30
- SESSION IV: 2024 – NEW FINANCIAL PERSPECTIVE FOR BIOMETHANE?

Coffee break

SESSION V: BIOMETHANE IN THE GRID: POSSIBILITIES AND LIMITATIONS

SESSION VI: BIOFUELS FROM WASTE

1. Feedstock potential for biogas production in the light of the RED III directive

2. Biomethane – solution to waste problems in urban agglomerations?

3. TBC

4. TBC

Challenges in 2024. Discussion panel with experts

Conclusion of the 7th Biomethane Congress

*Programme may be subject to change
