

CONFERENCE PROGRAMME*

DAY I

MAY 21 2024 (TUESDAY)

- 08:30-09:30

Registration, welcome coffee
- 09:45

Opening of the 7th Biomethane Congress

Maciej Kosiński, „Magazyn Biomasa”
- 09:45-10:00

Keynote speech: Biomethane market in Poland: investor’s perspective

prof. Jacek Dach, Poznań University of Life Sciences
- 10:00-11:15

National energy mix of the future – the role of biogas and biomethane. Discussion panel with experts
- 11:15-11:35

„Magazyn Biomasa” award ceremony
- 11:35 – 12:35

SESSION I: BIOMETHANE AS A FUEL FOR SUSTAINABLE TRANSPORT

1/ Towards climate neutrality – the path of decarbonization of transport in the EU

Anna Venturini, European Biogas Association

2/ EU transport goals and national reality.

Zygmunt Gzyra, Polish Chamber of Biofuels

3/ Emission limits in the transport sector as the main factor in the development of the biomethane market in Poland

Katarzyna Konowrocka, Polish LNG & bioLNG Platform

4/ Certification of biomethane on the European market

Tim Hamers, European Renewable Gas Registry
- 12:35-13:35

Goal: zero-emission transport. Discussion panel with experts
- 13:35-14:45

Lunch
- 14:45-15:45

SESSION II: UPGRADING, COMPRESSION AND LIQUEFACTION OF BIOMETHANE – SOLUTIONS AVAILABLE ON THE POLISH MARKET

1/ Formal and operational requirements for cogeneration units – comparison for biogas plants and biomethane plants

Krzysztof Maciąg, Tedom Poland

2/ Advanced biogas upgrading installations and services

Jean-René Pouzin, Prodeval

3/ Desotec’s innovative solution in the biogas market: circular economy of activated carbon with high sulfur content

Radosław Wilczkowiak, Desotec

4/ The ONE-STOP-SHOP concept as a guarantee of high quality and comprehensiveness of the offered solutions in the field of biomethane and liquid bioCO2 production technology

Rafał Sojka, KWE AB Energy Polska

5/ Physinit® as an ideal material for the production of biogas mixer propellers

Marek Borkowski, KSB Polska
- 15:45-16:30

Biomethane: the latest trends and innovative solutions. Discussion panel with expoerts
- 16:30-16:45

Coffee break
- 16:45-17:30

SESSION III: SUPPORT SYSTEMS FOR BIOMETHANE – OVERVIEW OF THE EU POLICY

1/ Biomethane in Germany: regulations - markets - best practices.

Dirk Bonse, Fachverband Biogas

2/ Biomethane market in Italy

Nicola Bruni Zani, Pietro Fiorentini

3/ Denmark - synergy of agricultural and municipal waste

Michał Paca, Boodpady.pl

11:30-13:30
Site event:
Biomethane workshop
by the Embassy of the
Kingdom of Denmark
in Poland

- 17:30-17:45 ☉ Coffe break
- 17:45-18:15 ☉ **SESSION IV: BIOMETHANE TRENDS**
 - 1/ Energy efficiency of biomethane production
👤 *Paweł Jamrożek, SPBT*
 - 2/ Beyond the energy - additional benefits for the industry from the biomethane production process
👤 *Marek Jedziniak, PhD, Biogas System*
 - 3/ The potential of Power to X technology for the development of the biomethane market in Poland
👤 *Michał Sobczyk, European Energy*
- 18:15-20:00 ☉ Aperitif and networking
- 20:00 ☉ **Evening banquet**

DAY II

MAY 22 2024 (WEDNESDAY)

- 10:00-11:15 ☉ **Biomethane in Poland – industry demands. Discussion panel with experts**
- 11:15-12:00 ☉ **SESSION V: 2024 – NEW FINANCIAL PERSPECTIVE FOR BIOMETHANE?**
 - 1/ Subsidies from national and EU funds for biogas and biomethane plants
👤 *Adam Józef Kowlaczyk, Fundacja Euro-Most*
 - 2/ How to effectively obtain a subsidy for a biogas plant or biomethane plant?
👤 *Wojciech Nawrocki, Metropolis Doradztwo Gospodarcze*
- 12:00-12:30 ☉ Coffee break
- 12:30-13:45 ☉ **SESSION VI: PRODUCTION AND SALE OF BIOMETHANE - POLISH AND EUROPEAN MARKET**
 - 1/ How much biomethane can we produce in Poland - implementation potential at the municipal level
👤 *Ewa Krasuska, PhD, National Center for Research and Development*
 - 2/ Biomethane in the gas grid or in transport? Possible development scenarios
👤 *TBC*
 - 3/ Digital certification of biomethane
👤 *Thorsten Rohling, Agriportance*
 - 4/ Certification and guarantee of origin of biomethane
👤 *Magdalena Porzeżyńska, PhD, Brysiewicz, Bokina i Wspólnicy*
- 13:45-14:30 ☉ **SESSION VII: BIOFUELS FROM WASTE**
 - 1/ Food waste – acquisition, regulations, barriers
👤 *Jakub Pulka, PhD, Poznań University of Life Sciences*
 - 2/ Biomethane – a solution to waste problem in urban agglomerations?
👤 *TBC*
 - 3/ Using foodwaste to produce biomethane - case study
👤 *TBC*
- 14:45 ☉ **End of the 7th Biomethane Congress**

*Programme may be subject to change
